WORK EXPERIENCE

Web Development Intern (Remote)

Unified Mentor Private Limited, Aug 2024 – Present, Haryana – India

As a web development intern at Unified Mentor I gain hands-on experience in the dynamic field of web development using MERN stack and Firebase. Working on real-world projects, collaborate with a talented team of developers, and learn best practices in coding, design, and user experience. This role provide me with the skills and knowledge needed to excel in web development, as well as valuable insights into the industry's latest technologies and methodologies.

Junior Full Stack Developer (On-Site)

Dyninno Group - Innovative Travel Solutions, Jun 2022 - Jan 2024, Riga - Latvia

Contributed to the development of ASAP Tickets and Skylux Travel web applications. Ensured code reliability and quality through unit testing and bug fixing; developed new features. Worked with databases such as MongoDB and MariaDB to store and retrieve data. Utilized TypeScript, GraphQL, and REST to create efficient and scalable applications. Enhanced application performance by implementing caching strategies with Redis. Worked on CI/CD processes with Docker and Git for repository hosting and collaboration. Actively participated in daily stand-ups, sprint planning, retrospective meetings, and pair programming.

Logistics Operations Manager (On-Site)

Richmark Group, Feb 2021 - May 2022, Bengaluru – India

Worked as a Logistics Operations Manager at Richmark group, where I was responsible for overseeing and managing daily operations in a fast-paced environment. Led a team of employees, providing guidance, training, and support to ensure efficient and effective performance. Implemented process improvements to enhance productivity and customer satisfaction. Collaborated with cross-functional teams to resolve issues and optimize workflows

GDS Expert (On-Site)

International Travel Network, Dec 2018 - Jan 2021, Riga – Latvia

Worked as a GDS Expert at ITN, where I was responsible for Building flights with optimal connections and price breakdowns using Apollo GDS, Amadeus, and Saber systems. Created and managed reservations (PNRs), collaborating closely with the ticketing department until ticket issuance. Streamlined the flight booking process, resulting in increased efficiency and reduced booking errors.

EDUCATION

- | | |
|-----------------------|--|
| • Aug 2018 – Jun 2020 | Master of Science, Riga Technical University |
| • Aug 2011 – Jun 2015 | Bachelor's in Engineering, Nehru Institute of Engineering and Technology |
| • Jun 2009 – Apr 2011 | High School Diploma in Computer Science, Carmel H.S.S. Chalakudy |
-
